14 – 18 | Cargo restraint straps

- Compliant with current EN 12195-2 regulations
- Impregnated, non-stretching textile strap made from 100% polyester
- Zinc plated, non-ageing steel hardware

Material: polyester / steel, zinc plated.

Other lengths and widths, belts with long-lever ratchets or BSC ratchets (prevents any whiplash due to incremental, controlled tension release) available on request.

Securing cargo

When cargo is transported with vehicles, it can be subjected to extremely high dynamic forces, which can be particularly hazardous when braking or turning.

It is important to ensure cargo is properly loaded. There should be no gaps between items and cargo should be professionally secured, as this is regulated by law.
