

Wall mounted glass cabinets

All round aluminium frame, 25 mm thick, silver anodised with matt chrome corner connectors.

4 mm thick single pane safety glass on four sides. Rear panel and base made of MDF furniture panels, painted in pure white RAL 9010.

Prepared for concealed wall mounting. 2 infinitely adjustable 6 mm glass shelves. Max. load 15 kg per shelf with evenly distributed load. 2 sliding glass doors with guides on all sides and side handle profiles. Security cylinder lock with 2 keys.

Delivered fully assembled – ready for immediate use.

Low voltage illumination

Rail system set with 3 x 20 W spotlights, infinitely height adjustable, incl. 230 V transformer, ready for immediate use.

Please include with your order, cannot be assembled at a later stage.

For optimum illumination, we recommend two sets for the 1520 mm and 2020 mm wide cabinets.
