FM safety cupboards

Regulation compliant storage of water hazardous media*

Robust, double door cupboards made of welded, double walled, powder coated sheet steel.

Easy closing, self-locking doors. Three point locking, can also by locked with a padlock. Reflective labelling.

Adjusting device for levelling on uneven surfaces. Ventilation openings with flame trap, plug-in earth connection.

Blue cupboards for corrosive media such as acids, alkalis etc. with additional PE trays in the shelves and base sump trays.

Cupboards with manual doors

With manually operated doors. When the door is manually closed, the three-point lock is automatically activated. Doors open up to 180°.

Cupboards with self-closing doors

Automatic, self-closing doors (door soldering melts at 74 °C open – doors close) in case of fire. Door stops for easy storage and removal.

10 year guarantee
