Available in antique white, light grey and maple finish.

Top Quality

guaranteed by **POWELL**

Desks

Bolted cross-beam system in two frame versions: 4-legged tubular steel or C-foot with flat runners, both powder coated in white aluminium and height adjustable from 620 – 820 mm.

Tabletops in three colours and 25 mm thick.

Horizontal cable management via a largely proportioned, folding cable duct. The cable duct can be accessed from the inside of the table as well as from the outside. An optionally available cable sleeve can be used for vertical cable routing.

Linking tops can be used to connect the tables and thus create even more working space.

Supplied flat pack – easy self-assembly.
