## Steel stacking containers

- Extremely sturdy and stable due to reinforced stacking rim and welded corners
- 2 folding handles on containers with 9 l or more for easy handling
- For the transport of heavy goods

All specified max. loads and stacking load values apply with uniform load distribution.

Material: sheet steel. Feature: stackable. Type: suitable for roller conveyors. Stacking load: 1000 kg.

Temperature resistance specification applicable for non-naked flame.
