**Washable:** machine washable up to 60°C, suitable for industrial washing machines (recommended 30°C when normal contamination).

Wash bright and dark coloured mats separately to avoid stains. Don't use lye, detergent containing lye or solvent.

**Tumble dry:** 5-10 minutes, basket-temperature should not exceed 82°C (higher temperature will damage colour and structure).

After washing or drying lay the mat down. After cooling roll up with the pile outside.
