## 1–6 | Pallet boxes

- Rounded corners and edges simplify cleaning and help to protect goods
- Excellent stability due to double walled construction
- With standard entry dimensions for conventional pallet trucks

Material: polyethylene (low pressure PE / HDPE). External length: 1200 mm. Temperature resistance: -40 °C to +60 °C. Colour: grey. Material properties: suitable for use with foodstuffs. Stacking load static: 4500 kg.

Also available with 1" or 2" drainage cock or plug at extra cost. Please state position.

Model also available with individual screen printing.

Please ask for details.
