Steel sump trays with plastic feet

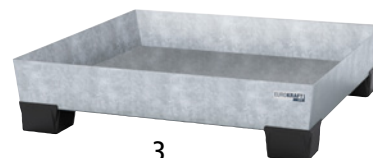

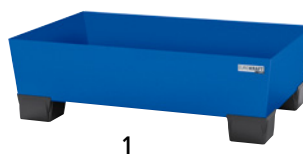

- Conductive, robust, extra large PP feet protect easily damaged corners of the tray and the factory floor (PP feet do not scratch the floor)
- PP feet do not corrode – protect against moisture from underneath
- Can be picked up by a forklift truck (with adjustable forks), stackable

Material: sheet steel. Design: with PP feet.
Max. load: 850 kg/m². Test symbol: manufacturers declaration of conformity in accordance with StawAR.
Material thickness: 3 mm.

PP pedestal feet

U Manufacture's declaration of conformity (ÜHP) in accordance with German construction regulation list A part 1, DIBt, Berlin
