Safety storage and transport containers with screw cap

- For flammable and corrosive liquids
- Flame trap to protect against spread of fire and ignition
- Leakproof screw cap, secured to container to prevent loss

Flame trap. Type: with screw-on lid.

Material: sheet steel. Finish: zinc plated and powder coated. Colour: yellow.
For media: flammable and water hazardous liquids.

Capacity: 2 l. Diameter: 158 mm.
Height: 226 mm.

Ref. 714 349 3H £ 73.00

Capacity: 5 l. Diameter: 178 mm.
Height: 336 mm.

Ref. 714 386 3H £ 99.00

Material: stainless steel 1.4404 / SUS 316 L.
Colour: stainless steel.

For media: flammable and corrosive liquids.

Capacity: 2 l. Diameter: 158 mm.
Height: 226 mm.

Ref. 714 561 3H £ 185.00

Capacity: 5 l. Diameter: 178 mm.
Height: 336 mm.

►Ref. 714 563 3H £ 215.00

Safety dispensing containers with fine dosage tap

- For flammable and corrosive liquids
- Flame trap to protect against spread of fire and ignition
- With easily operated fine dosage tap made of stainless steel

For media: flammable and corrosive liquids. Flame trap.
Type: with fine dosage tap.
