## Heat protection spats

- Optimal foot protection for radiant heat up to 1000 °C

Surface material: Preox Aramid. Colour: silver. Conforms to: EN ISO 11612.

## Heat resistant finger gloves

- Hardwearing
- Flexible
- Soft

Surface material: –. Size: universal size. Colour: aluminium silver. Conforms to: EN 388, EN 407. Area of application: industry. Length: 380 mm.

Ref. 590 457 3H £ 91.00

## Heat resistant mittens

- Soft and flexible
- Can be used on both hands
- Double insulation

Surface material: –. Size: universal size. Colour: white. Conforms to: EN 388, EN 407. Area of application: industry. Length: 300 mm.

Ref. 590 460 3H £ 223.00

## Heat resistant forearm protectors

- Practical arm protection with thumb hole
- Complies with EN 307 + EN 388

Ref. 590 458 3H £ 23.50
