Crossover module

EUROKRAFT
by KAISER+KRAFT *pro*

Standard module

Standard module + 3 x 3rd step module

Modular work platforms

- Particularly robust aluminium design made of welded rectangular rails
- Comfortable, non-slip ribbed sheet metal steps, width x depth 555 x 250 mm
- Secure footing due to non-slip plastic feet

Step depth: 250 mm. Step width: 555 mm. Access: single sided. Frame material: aluminium. Material of treads: corrugated sheet metal.

The standard module can be extended with up to three additional, screw-together modules to create individual steps or platforms.

Expansion modules can only be used with the standard module.

Easy assembly.

You can connect two work platforms with the crossover module, thus creating a walkway with access from both ends.

Crossover modules

- Design your own crossover

Steps incl. platform: 1. Platform width: 1000 mm. Frame material: aluminium. Material of treads: corrugated sheet metal. Weight: 5.8 kg.
