

## Barrier posts

- Special high strength plastic
- Resistant to virtually all environmental influences

Height above ground: 900 mm. Post dimensions: 60 mm. Material: plastic. Post colour: red / white. Tube form: round.

Overall height: 1160 mm. Design: removable. Type of mounting: for setting in concrete. Mounting: with ground sleeve. Depth below ground: 260 mm.

Design of head: pointed head. Weight: 2.6 kg.

►Ref. 730 785 3H £ 62.00

Design of head: chain head.

Weight: 1.35 kg.

►Ref. 913 121 3H £ 62.00

Overall height: 1160 mm. Design: fixed. Type of mounting: for setting in concrete. Weight: 1.1 kg.

Design of head: pointed head.

Ref. 730 777 3H £ 57.00

Design of head: chain head.

Ref. 913 119 3H £ 57.00

Overall height: 900 mm. Design: fixed. Type of mounting: for bolting in place.

Mounting: with base plate. Base plate dimensions: 200 x 200 mm. Base plate design: square.

Design of head: pointed head. Weight: 2 kg.

Ref. 730 793 3H £ 68.00

Design of head: chain head.

Weight: 2.85 kg.

►Ref. 913 122 3H £ 68.00

## Barrier posts

- Made of round aluminium tubing
- Weather resistant aluminium construction

Overall height: 900 mm. Height above ground: 900 mm. Post dimensions: 75 mm. Material: aluminium. Post colour: aluminium silver / red. Design: folding. Type of mounting: for bolting in place. Mounting: with base plate. Base plate dimensions: 100 x 200 mm. Base plate design: square. Design of head: pointed head. Height when folded: 90 mm. Tube form: round.

Lock type: triangular utility lock. Weight: 3 kg.

Ref. 709 062 3H £ 203.00

Lock type: cylinder lock. Weight: 5 kg.

►Ref. 730 831 3H £ 185.00

Lock type: triangular utility lock. Weight: 3 kg.

Ref. 709 061 3H £ 259.00

Lock type: cylinder lock. Weight: 5 kg.

►Ref. 730 823 3H £ 215.00

## Barrier posts

- Made of round tubular steel
- Simply unscrews without the use of an additional key
- Screw-on mechanism not visible when assembled

Overall height: 1000 mm. Height above ground: 1000 mm. Material: steel. Finish: hot dip galvanised and painted. Post colour: white / red. Design: fixed. Type of mounting: for bolting in place. Mounting: with base plate. Base plate dimensions: 170 mm. Base plate design: round. Design of head: round head. Tube form: round.

Post dimensions: 60 mm. Weight: 4.8 kg.

Ref. 970 981 3H £ 149.00

Post dimensions: 76 mm. Weight: 5.8 kg.

Ref. 970 982 3H £ 165.00

## Triangular keys

Material: steel. Type: triangle. Weight: 0.16 kg.

## Stainless steel barrier posts

- High quality, elegant design
- Weather resistant and completely corrosion proof (stainless steel to DIN 1.4301)
- Maintenance free, reliable technology

Height above ground: 900 mm. Material: stainless steel. Finish: ground. Post colour: stainless steel. Tube form: round.
