

1 – 16 | Combination boltless shelving units

- The modular system for every storage problem
- Available as complete shelving unit with 16 mm thick chipboard shelves or as components for individual solutions
- With shelf support beams in 8 lengths you can have any desired shelf width and depth

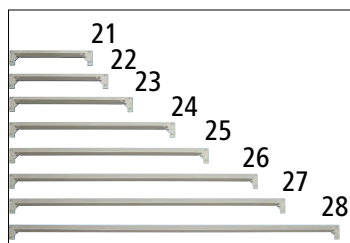

Shelf unit type: standard unit. Design: plug in. Material: tubular steel, plastic coated. Colour of uprights: pebble grey RAL 7032. Shelf design: chipboard. Shelf thickness: 16 mm.

If the height of the shelf unit equals more than 5 times its depth, it must be secured against tipping with suitable floor or wall fasteners.
