EUROKRAFT
by KAISER+KRAFT
basic

1 | Perforated rubber mats

- Non-slip protection R10 in accordance with EN 13552
- Prevents fatigue
- Optimum drainage characteristics

Width: 900 mm. Height: 12 mm. Material: rubber. Temperature resistance: -10 °C to +60 °C. Colour: black. Length: 1500 mm. Weight: 8.5 kg. Weight: 6.2 kg/m². Feature: non-slip / anti-fatigue / tapered. Work area: wet / dry. Surface: open.

1 | Ref. 969 700 6H € 49.90

Slip
resistant

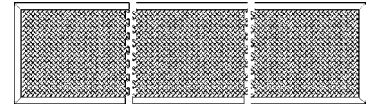

Anti-fatigue

2-7 | Workstation matting

- Ergonomic at static workplaces
- Non-slip
- Prevents fatigue

width: 40 mm. Surface: closed.

Height: 14 mm. Material: natural rubber. Temperature resistance: -30 °C to +50 °C. Colour: black/yellow. Feature: anti-fatigue / non-slip / tapered. Work area: dry. Slat

Anti-fatigue

8 | Variable plug-in systems

- Made of nitrile rubber – therefore oil and chemical resistant
- Flame resistant, class Bfl-S1 according to EN 1350 and class 1 according to ASTM E648-03 (NFPA253)
- Suitable for welding workstations

Width: 910 mm. Height: 19 mm. Material: nitrile rubber. Temperature resistance: -30 °C to +70 °C. Colour: black. Length: 910 mm. Weight: 12.7 kg. Weight: 14.5 kg/m². Feature: anti-fatigue / chemical resistant / flame retardant / suitable for welding workstations. Work area: oily / dry. Surface: closed.

8 | Ref. 969 724 6H € 219.00

9-12 | Tapered border edges

Length: 910 mm. Width: 50 mm.

Type: female.

9 | Colour: black.

Ref. 969 726 6H € 19.95

10 | Colour: yellow.

Ref. 969 728 6H € 19.95

Type: male.
