

1–6| Barrier posts

- Special high strength plastic
- Resistant to virtually all environmental influences

Height above ground: 900 mm. Post dimensions: 60 mm. Material: plastic. Post colour: red / white. Tube form: round.

Overall height: 1160 mm. Design: fixed. Type of mounting: for setting in concrete. Weight: 1.1 kg.

1| Design of head: chain head.

Ref. 913 119 6H € 47.90

2| Design of head: pointed head.

Ref. 730 777 6H € 42.90

Overall height: 900 mm. Design: fixed. Type of mounting: for bolting in place.

Mounting: with base plate. Base plate dimensions: 200 x 200 mm. Base plate design: square.

3| Design of head: chain head.

Weight: 2.85 kg.

Ref. 913 122 6H € 64.90

4| Design of head: pointed head.

Weight: 2 kg.

Ref. 730 793 6H € 62.90

Overall height: 1160 mm.

Design: removable. Type of mounting: for setting in concrete. Mounting: with ground sleeve. Depth below ground: 260 mm.

5| Design of head: chain head.

Weight: 1.35 kg.

Ref. 913 121 6H € 49.90

6| Design of head: pointed head.

Weight: 2.6 kg.

Ref. 730 785 6H € 49.90

7

7–8| Barrier posts

- Made of round tubular steel
- Simply unscrews without the use of an additional key
- Screw-on mechanism not visible when assembled

Overall height: 1000 mm. Height above ground: 1000 mm. Material: steel.

Finish: hot dip galvanised and painted.

Post colour: white / red. Design: fixed.

Type of mounting: for bolting in place.

Mounting: with base plate. Base

plate dimensions: 170 mm. Base plate

design: round. Design of head: round head.

Tube form: round.

7| Post dimensions: 60 mm.

Weight: 4.8 kg.

Ref. 970 981 6H € 169.00

8| Post dimensions: 76 mm.

Weight: 5.8 kg.

Ref. 970 982 6H € 189.00

9–12| Barrier posts

- Made of round aluminium tubing
- Weather resistant aluminium construction

Overall height: 900 mm. Height above ground: 900 mm. Post dimensions: 75 mm.

Material: aluminium. Post colour: aluminium

silver / red. Design: folding. Type

of mounting: for bolting in place.

Mounting: with base plate. Base plate

dimensions: 100 x 210 mm. Base plate

design: square. Design of head: pointed

head. Height when folded: 90 mm. Tube

form: round.

9| Lock type: cylinder lock. Weight: 5 kg.

Ref. 730 823 6H € 199.00

10| Lock type: triangular utility lock.

Weight: 3 kg.

Ref. 709 061 6H € 239.00

11| Lock type: cylinder lock. Weight: 5 kg.

Ref. 730 831 6H € 175.00

12| Lock type: triangular utility lock.

Weight: 3 kg.

Ref. 709 062 6H € 195.00

13| Triangular keys

Material: steel.

13| Ref. 730 726 6H € 15.95

14–19| Stainless steel barrier posts

- High quality, elegant design
- Weather resistant and completely corrosion proof (stainless steel to DIN 1.4301)
- Maintenance free, reliable technology

Height above ground: 900 mm. Material: stainless steel. Finish: ground. Post colour: stainless steel. Tube form: round.
