

18–28 | Barrier beams and access barriers

- With counterbalance weight or gas pressure spring (double stroke) for easy manual operation
- Automatic end position locking when opened or closed when using lock housing
- Height adjustable for optimum adaptation to ground conditions

Post material: steel. Colour: red / white. Type

of mounting: for bolting in place. Lock type: locking bolt with handle and anti-freeze coating. Finish: powder coated. Barrier boom profile: oval, 115 x 82 mm. Barrier boom material: powder coated aluminium. Method of operation: manual.

Supplied without fixing material.

16–17 | Lock holder

Colour: silver.

Lock type: profile cylinder and triangular lock.

16 | Ref. 488 612 6H € 319.00

Lock type: profile cylinder.

17 | Ref. 488 611 6H € 259.00

Barriers for setting in concrete, in alternative lengths and colours are available on request.

30–33 | Electric boom gates

- With integrated solar cell
- Optimum blocking of vehicle access points
- High quality solar system incl. rechargeable battery

Post material: aluminium. Colour: white / red. Finish: powder coated. Barrier boom profile: Ø 60 mm. Barrier boom material: aluminium. Function: electric, remotely operated. Base plate length: 200 mm. Base plate width: 200 mm. Base plate height: 5 mm.

29 | Additional remote controls
