standard shelf unit Ref. 945 554-2G

EUROKRAFT
★★★★★

Wall fastener

Max. shelf load (single row units) 150 kg
Max. shelf load (double row units) 250 kg
Max. bay load 1800 kg
Shelf unit height 2000 + 2500 mm
Shelf width 1000 + 1300 mm
Shelf depth 400 – 600 mm

The specified max. load values are applicable with uniform load distribution. Additional shelf levels may be used if the specified max. bay load is observed.

Max. number of shelf dividers that can be used in the single row boltless shelving units (per shelf level):

17 dividers for 1000 mm shelf width, 23 for 1300 mm shelf width.

The shelf dividers for the double row boltless shelving units are available upon request.

Single and double width boltless shelving units

- Completely zinc plated or with blue RAL 5010 plastic coated uprights and zinc plated shelves
- Available as single row shelving units with 150 kg max. shelf load or double row shelving units with 250 kg max. shelf load
- Quick plug-in assembly and easy alignment of the shelving units due to spanner nuts on the cross struts
- Heavy duty, high quality manufacturing
- With RAL-RG 614 label
- For a wide range of accessories, see right-hand page

Zinc plated shelves
Maximum stability due to box profile. Front and back shelf spacing of **50 mm with holes to attach shelf dividers for the single row boltless shelving units.**

The shelf dividers for the double row boltless shelving units are available upon request.

Shelf edge height:
25 mm (when max. shelf load is 150 kg), and 40 mm (when max. shelf load is 250 kg).

25 mm shelf height adjustment grid.

T-profile uprights
T-profiles and depth locking bar zinc plated or with high quality plastic coating, blue RAL 5010. Including clamp bases made of steel for securing to the floor, bolts and plugs not included.

Cross brace (zinc plated)
Included with delivery. Required for every standard shelf unit and for every second extension shelf unit.

Please note
If the height of the shelf unit totals more than 5 times its depth, the shelf unit must be secured against tipping by means of **wall fasteners.**

External dimensions

Standard shelf unit: shelf width + 60 mm
Extension shelf unit: shelf width + 6 mm
Overall frame depth: shelf depth + 36 mm

Wall fasteners

Bolts and plugs not included.
Pack of 4.

Single width boltless shelving units – max. shelf load 150 kg
