1–6 | Plastic boltless shelving unit systems

- Temperature resistant from -38°C to $+88^{\circ}\text{C}$, and therefore suitable for freezer, cold storage and other damp and wet rooms
- Two units can be combined with shelf panels at alternating heights for maximum flexibility in stock maintenance
- The shelf bays can be assembled at 90° angles or in a U-shape using corner connectors

Number of shelves: 4. Max. shelf load: 250 kg. Max. bay load: 1000 kg. Shelf unit height: 1840 mm. Material: glass fibre reinforced plastic. Finish: plastic. Colour of uprights: matt graphite. Shelf height adjustment increments: 100 mm.

Shelf colour: grey. Shelf material: glass fibre reinforced plastic. Material properties: suitable for use with foodstuffs.

Temperature resistance: -38°C to $+88^{\circ}\text{C}$.

When corner connectors are used (see accessories) in corner shelf units or for a U-shaped installation, the max. shelf load is reduced to 125 kg.

The specified max. load values are applicable with uniform load distribution. Additional shelves may be used if the specified max. bay load is observed.
