STORAGE

9 – 15 | Plastic boltless shelving unit systems

- Temperature resistant from -38 to $+88$ °C, and therefore suitable for freezer, cold storage and other damp and wet rooms
- Two units can be combined with shelf panels at alternating heights for maximum flexibility in stock maintenance
- The shelf bays can be assembled at 90° angles or in a U-shape using corner connectors

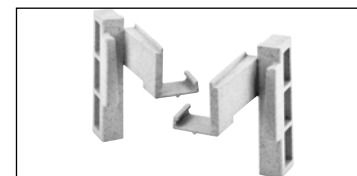

Number of shelves: 4. Max. shelf load: 200 kg. Max. bay load: 800 kg. Shelf unit height: 1800 mm. Material: plastic coated steel. Colour of uprights: white. Shelf height adjustment increments: 100 mm. Shelf finish: anti-bacterial coating. Material properties: suitable for use with foodstuffs. Temperature resistance: -38 °C to $+88$ °C.

The specified max. load values are applicable with uniform load distribution. Additional shelves may be used if the specified max. bay load is observed.
