Pair of wheels as an accessory

Dolly as an accessory

Aluminium containers

- All round rubber lid seal for protection against dust and splash water
 - Very durable – corrosion / weather resistant
 - Convenient transport due to low weight
 - Sprung safety handles, max. load per handle 30 kg
 - Stacking corners made of robust, glass-fibre reinforced nylon for secure stacking when placed on top of one another
- Excellent stability due to wall thickness of 1 mm, robust wall and base profile as well as integrated beading.
- Highest level of security due to hardwearing lever catches with holes for add-on cylinder locks (accessory) and support straps to protect the lid hinges.
- Temperature resistant**
Briefly from -40 °C to +110 °C (for non-naked flame).
All specified max. loads and stacking load values apply with uniform load distribution.
