Tilting skips with roll-off mechanism

Compact entry level model

- With roll-off mechanism and optimised load centre
- Quick and complete emptying
- Tilt release via cable pull from the forklift driver's seat
- Ideal for sorting as they are available in different colours

Container made of 3 mm thick sheet steel with all-round edge profile. Sturdy base frame with forklift pockets.

Secured against unintentional slippage and accidental release of the tilting mechanism.

Tilt release can be triggered at any height via cable pull from the forklift driver's seat.

Painted in RAL colours as listed in the table, or hot-dip galvanized in accordance with EN ISO 1461.

Accessories and options

Oil and watertight model

Extra cost.

Cannot be fitted at a later stage.

Zinc plated hinged lid

Can be opened on 2 sides.

Can be fitted at a later stage.

Wheels

2 swivel castors and 2 fixed castors made of nylon, Ø 180 mm, 1 swivel castor with wheel stop.

Overall height 220 mm.

Can be fitted at a later stage.

Forklift pockets (see table for internal dims.)

These tilting skips are also available in other RAL colours at extra cost.

Please ask for details.
