

20–26 | PE sump trays without certification

- For safe storage of water hazardous and corrosive liquids
- Made of highly resistant, robust polyethylene, high max. loads for demanding requirements, removable PE grates
- Without DIBt certification – please observe country-specific regulations

Material: recycled polyethylene. Grate: PE grate.
Colour: black.

Trays not DIBt approved – only for storage of non water hazardous media etc. In countries without approval requirements, also suitable for storage of water hazardous media. Please observe country-specific regulations (approval, stipulated capacities etc.).

27 | PE loading ramps for high 4-drum trays

Length: 1245 mm. Width: 838 mm. Material: polyethylene.
Max. load: 454 kg. Height: 267 mm.

27 | Ref. 424 809 6G € 349.00

29 | Connector sets

Scope of delivery: 2 stainless steel clamps, 2 rubber spouts, 1 connection hose.

29 | Ref. 424 805 6G € 59.90

28 | PE loading ramps for sump trays

Length: 1219 mm. Width: 838 mm. Material: polyethylene.
Max. load: 445 kg. Height: 159 mm. Colour: black.

28 | Ref. 175 634 6G € 265.00

30–35 | QuickBerm® rigid lock folding trays

- Leakproof sump trays for drums, tank containers, tank lorries, etc. which can be driven occasionally using a truck, stacker and drum truck
- Integrated mechanism keeps tray walls at a 90° position – pressing lightly erects the wall or bends it flat
- Safe, leakproof – highly resistant to aggressive

media, abrasion and punctures
Height: 305 mm. Material: PVC. Type: folding.

Observe the following for tray dimensions

Outside 203 mm for supports.
Inside 305 mm in entry/exit area for folded-out walls.
