

16–17| Shelf sump trays

- Convert existing shelving systems into regulation compliant hazardous goods storage shelving
- Placement on the cross beams or suspension directly in the shelf unit – distance between cross beams 915 mm
- For regulation compliant indoor storage of drums and small containers on pallets etc.

Sump capacity: 200 l. Width: 1250 mm. Material: sheet steel. Grate: with zinc plated grate. Max. load: 1000 kg/m². Test symbol: manufacturer's declaration of conformity in accordance with German construction regulation list A, part 1, DIBt, Berlin. Material thickness: 3 mm. Hazard class: for water hazardous liquids.

U Manufacturer's declaration of conformity (ÜHP) in accordance with German construction regulation list A part 1, DIBt, Berlin
