complete set

Small parts cleaners

For professional cleaning and grease removal

- Sturdy sheet steel design
- High load capacity and resistant to mechanical stress
- Maintenance free, self-priming circulation pump

1 Mobile parts cleaner

Moves like a sack truck. Ideal for changing work sites, space saving and versatile.

Complete set

Ready for immediate use.

Set consists of parts cleaner and 50 litres of special cleaning solution.

2 Professional parts cleaner

Device at workbench height. Extra large working surface also suitable for large parts.

Complete set

Ready for immediate use.

Set consists of parts cleaner, steel sump tray, 200 litre capacity in accordance with the German water management act and 200 litres of special cleaning solution.

Special cleaning solution

- Shelf life of up to 1 year
- Does not require heating
- Removes oil and grease

Provides temporary protection against corrosion. Not classified under work safety regulations, does not irritate skin and has a mild odour.

With parts basket (accessory)

Immersion cleaning tanks

For professional, reliable parts cleaning

- Safe and easy cleaning, and complete immersion of larger parts at a comfortable working height
- Slow, automatic lid closure
- Lid, tank and base sump tray made of stainless steel to ensure high durability

simplifies emptying of the tank. Liquid spilled during emptying drains into the **base sump tray**. **Perforated base** permits coarse dirt to settle. The **parts basket** makes it easy to immerse smaller objects.

For depositing small open items in the tank.

Lid is held open with a pedal.

Brass drainage tap in tank bottom
