

# Bulk waste containers

## Lockable large waste bins

### Large plastic waste collector with gravity lock

- No unauthorised dumping of rubbish
- No unauthorised removal of recyclable waste
- Prevents unwanted emptying if accidentally tipped over
- The locked container automatically opens when emptied by a garbage truck
- Personal key for convenient opening and locking

Low noise large waste bins with lid dampening mechanism. This dampens noise made by the lid hitting the back of the container when it is opened.

Large plastic waste bins complete with lock, including 2 keys.

Cannot be used with waste sack holders.

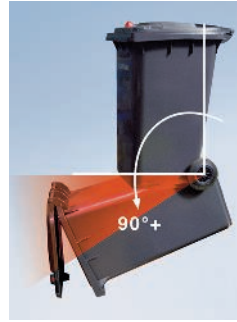

Two wheels with rubber tyres for easy handling.

For outdoor

Lockable

Lock opens when emptied by a garbage truck (when tilted more than 90°), the lid locks automatically when lowered back onto the ground
