

Cloakroom lockers

Robust sheet steel construction, high quality stove enamelled finish.

Doors hinged on the right, mounted on pivot pins, extremely torsion resistant. Dampened door stop. Ventilated through perforations in the door.

Lockable with an ergonomically shaped rotary security bolt lock with fitting for a padlock (bar thickness 6 mm).

Optionally with cylinder lock (see accessories).

Fittings per compartment

- 1 hat shelf
- 1 clothes rail with 3 hooks
- Not for lockers with 8 compartments.

A With plastic feet

Foot height 150 mm, 30 mm height adjustment with cover sleeve. Cupboard height 1850 mm. Versions with plinth available on request.

Supplied fully assembled.

B With bench mounted underneath

3 seat slats made of beech, clear varnished, seat height 420 mm, seat depth 315 mm.

Frame in black grey RAL 7021. Height adjustable to compensate for uneven flooring (10 mm).

For back to back positioning of lockers, we recommend bolting them together. Suitable mounting material for this purpose is available on request.

Lockers delivered fully assembled. The bench is delivered separately – easy self-assembly.
