

The German work place regulation ASR A4.3 "First aid rooms, equipment and fittings for first aid" provides legally binding guidelines for all work places in heavy industry, workshops, small companies, public sector and education facilities.

ASR A4.3 specifies the exact requirements for equipment and fittings for first aid in first aid rooms and the type and number of first aid kits and their contents that have to be available.

For administration and trading companies

1 to 50 employees	1 first aid kit DIN 13157
51 to 300 employees	1 first aid kit DIN 13169
for each additional 300 employees	extra 1 first aid kit DIN 13169

For manufacturing and processing companies

1 to 20 employees	1 first aid kit DIN 13157
21 to 100 employees	1 first aid kit DIN 13169
for each additional 100 employees	extra 1 first aid kit DIN 13169

For construction sites

1 to 10 employees	1 first aid kit DIN 13157
11 to 50 employees	1 first aid kit DIN 13169
for each additional 50 employees	extra 1 first aid kit DIN 13169

The contents in accordance with DIN 13157 and DIN 13169 fulfil the requirements for small and large first aid kits in accordance with ASR A4.3.

A large DIN 13169 first aid kit can be substituted by two small DIN 13157 first aid kits.

1 | First aid cases

- First aid case for mobile use
- DIN 13169 compliant
- Incl. wall bracket with 90° stop

Height: 300 mm. Width: 400 mm.

Depth: 150 mm. Colour: signal orange. Material: ABS plastic. Type of mounting: with wall mounting. Conforms to: DIN 13169.
