3 System uprights

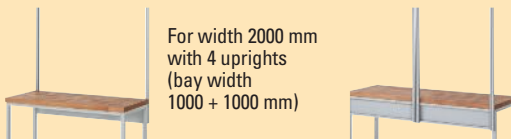

For attaching accessories to the work tables. Consisting of mounting kit (support bar – welded under the tabletop at the factory) and system uprights (aluminium profiles 40 x 40 mm, to be bolted to the mounting kit). Max. load 100 kg. Effective height 1050 mm.

The work surface remains open, as accessories are not mounted directly to the worktop. System uprights can be used on all sides.

Also suitable for other tables in our assortment, such as ...
– Work tables on page 602.
– Workbenches on pages 614, 623, 625.
– Mobile workbenches on page 632.
