

# Stretch and shrink wrapping

## Mini stretch film sets

Ideal for low volume items and for out-and-about

Making bundling and wrapping easy and guarantees stable transport.

### Stretch film

Film thickness 23 µm.  
Width 100 mm.  
Length 150 m.  
Core Ø 38 mm.

### Set consists of

- 1 mini dispenser
- 10 rolls of stretch film

| Order quantity                      | 1 – 3 packs |         | 4+ packs   |         |
|-------------------------------------|-------------|---------|------------|---------|
|                                     | Ref.        | €/ pack | Ref.       | €/ pack |
| Set (1 dispenser, 10 rolls of film) | 175 982-2G  | 59,90   | 175 980-2G | 54,90   |
| <b>Consumables</b>                  |             |         |            |         |
| 10 rolls of film                    | 175 981-2G  | 52,90   | 175 979-2G | 46,90   |

## Film cover sheets

Made of LDPE film, perforated

- Protects cargo from moisture
- Protection from unauthorised access
- Easy to use
- Lower material requirements
- On rolls, perforated sheet by sheet

For protection of goods on pallets. Together with stretch film, cover sheets provide the pallet goods with protection all around.  
Format 1200 x 1600 mm.

250 sheet rolls.

| Colour             | transparent     | black       |
|--------------------|-----------------|-------------|
| Material thickness | µm 30           | 30          |
| Length x width     | mm 1600 x 1200  | 1600 x 1200 |
| 1 – 4 items        | Ref. 176 772-2G | 176 771-2G  |
|                    | €/ each 84,90   | 94,90       |
| 5+ items           | Ref. 176 769-2G | 176 768-2G  |
|                    | €/ each 79,90   | 89,90       |

## Pre-stretched stretch films

- Faster work
- Less force required
- Lower material costs

### You save:

#### 50% stretch film

Due to pre-stretching the film does not narrow – you can use the whole film width.

#### 20% work time

By more quickly stretching. Less force required – the film does not need stretching. The roll is significantly lighter than conventional film.

#### 80% packing volume

By pre-stretching, less foil = less volume, waste, disposal.

Two versions: with cardboard core for hand dispensers or without a core.

| Material thickness  | µm      |         | 8          |
|---------------------|---------|---------|------------|
| Length              | m       |         | 600        |
| With cardboard core | Core Ø  | mm      | 50         |
|                     | Width   | mm      | 410        |
|                     | Pack of | pcs.    | 6          |
|                     |         | Ref.    | 175 498-2G |
|                     |         | €/ pack | 67,90      |
| Without a core      | Width   | mm      | 435        |
|                     | Pack of | pcs.    | 2          |
|                     |         | Ref.    | 175 501-2G |
|                     |         | €/ pack | 35,90      |

## PE flat films

Transparent

- Folded together and wrapped into a roll
- For covering and protecting
- Protection from dust, dirt and moisture

| Material thickness | Width | Length | Pack of | Ref.       | €/ pack |
|--------------------|-------|--------|---------|------------|---------|
| µm                 | mm    | m      | pcs.    |            |         |
| 50                 | 2000  | 100    | 2       | 722 489-2G | 97,90   |
