

Strapping

PP strapping (polypropylene)

- Medium tensile strength
- Medium resistance to stretching
- Sealing: with or without seals
- Classic, cost effective strapping

Application
For light, flexible and unstable products, e.g. for sealing cardboard boxes.

Strapping

Basic set for frequent strapping jobs

- Light and handy

The set consists of:

- Single part tensioning and sealing device, very sturdy aluminium alloy, weight 2.8 kg
- Mobile strap dispenser with storage tray for short rolls with a core Ø of 62 mm
- Short roll of plastic strapping, core Ø 62 mm, roll length 500 m
- 2000 metal seals

All components can be re-ordered separately.

Basic set for regular, industrial strapping jobs

- With practical threading rod

The set consists of:

- Mobile strap dispenser with strap brake, suitable for core Ø of 406 mm
- Tensioning and sealing device for 13 mm strap width, the device cuts the strap automatically
- 3000 m spool of plastic strapping, 13 mm
- 2000 seals, 13 mm
- Threading rod as an aid for strapping large packages or pallets

All components can be re-ordered separately.

High quality set for professional, intensive strapping jobs

- The strap does not fray when cut

The set consists of:

- Combination tensioning and sealing device, 16 mm, cuts without tension on the strap
- Mobile strap dispenser, core Ø 406 mm
- Plastic strapping, width 16 mm, core Ø 406 mm, roll length 2000 m
- 2000 metal seals, 16 mm

All components can be re-ordered separately.

Professional strapping set for demanding requirements

- For various core diameters
- For strapping without seals

The set consists of:

- Semi-automatic tensioning and sealing device (manual tensioning and automatic sealing of straps), tensioning up to 2000 N
- Mobile strap dispenser for roll widths up to 150 mm and core Ø of 200, 280 or 406 mm, red
- 3000 m spool of 13 mm wide nylon strapping, or 2000 m spool of 16 mm wide nylon strapping

All components can be re-ordered separately.
