

Strapping

PET strapping (polyester)

- Very high tensile strength
- Minimal stretching
- Sealing: with or without seals
- Weather resistant, no sharp edges

Application

For pallets, heavy boxes, etc.
Ideal for high volume strapping,
quick and easy use.

1 For heavy loads or pallets for long term storage

Polyester strapping

The modern alternative to steel strapping

- Extremely tear resistant – ideal for heavy goods and high volume strapping
- 5 times lighter than steel
- No rust marks, no sharp edges

Strapping for re-ordering

- 1** In dispenser box
- 2** Suitable for strap dispensers
- 3** Heavy duty version
For heavy loads.

Starter set for occasional strapping jobs

The set consists of

- Universal tensioning device for PET strapping, 10 to 19 mm
- Sealing tongs, 13 mm
- 12 mm polyester strapping in dispenser box, length 750 m, tensile strength approx. 285 kg/cm²
- 1000 metal seals, 13 mm

All components can be re-ordered separately.

Basic set for occasional strapping jobs

The set consists of

- High quality, single lever tensioning and sealing tool, 13 mm
- 12 mm polyester strapping in dispenser box, length 750 m, tensile strength approx. 285 kg/cm²
- 2000 metal seals, 13 mm

All components can be re-ordered separately.

Basic set for regular strapping jobs

The set consists of

- Mobile strap dispenser for roll widths up to 150 mm and core Ø of 200 mm, 280 mm or 406 mm, red / blue
- High quality single lever tensioning and sealing tool 13 mm or 16 mm
- Polyester strapping 12.7 mm, length 2500 m, tensile strength approx. 321 kg/cm² or polyester strapping 16 mm, length 2000 m, tensile strength approx. 401 kg/cm²
- Metal seals, 13 mm or 16 mm

All components can be re-ordered separately.
