Crash protection walls

For indoor and outdoor use

- Very robust design
- To subdivide areas or to provide crash protection
- Uncomplicated, quickly ready for use
- Can be easily expanded at any time

Made of sheet steel, painted in yellow warning colour. The wall elements can be connected directly to the posts or using the supplied plug-in bracket.

Using the plug-in brackets ensures that the wall element can be dismantled quickly.

Post construction 100 x 100 x 6 mm. Base plate for bolting in place, 254 x 254 x 16 mm.

Available in 2 heights and 3 widths.

Included in delivery

Height 480 mm

Standard unit consists of 2 x 480 mm high posts and 1 wall section. Extension unit consists of 1 x 480 mm high post and 1 wall section.

Height 1090 mm

Standard unit consists of 2 x 1090 mm high posts and 2 wall sections. Extension unit consists of 1 x 1090 mm high post and 2 wall sections.

Use with plug-in bracket
