Ref. 859 079-2G

€ 125,-

Security mirror

For monitoring and checking smaller areas, conveyor belts, machines and checkout queues

Convex, triangular acrylic glass mirror.

Vice mounting bracket with flexible neck. Effortless attachment without tools or drilling.

Suitable for temporary use, as it can be removed without leaving marks behind. For short observation distances.

Height x width 310 x 380 mm.

Indoor mirror

Ref. 700 593-2G

€ 52,90

More mirrors can be found in our online shop at www.kaiserkraft.ie/traffic-mirrors

Indoor mirror

Round mirrors

Made of impact resistant and shatterproof acrylic glass for indoor use

- Ideal for monitoring production lines, sales and storage areas
- Protective coating on rear side of mirror
- Lightweight design
- Virtually distortion free reflected image

The slightly convex shape makes it possible to monitor large areas and provides a view of blind spots.

With telescopic wall mounting bracket

The individually adjustable telescopic wall mounting bracket, length 300 – 500 mm, enables optimum adjustment of the field of view.

- 1 For permanent mounting
Supplied with mounting material.

- 2 With magnetic mounting bracket
For mounting on iron and steel substrates. Ideal for temporary use – can be removed without a trace.

Extra long wall mounting bracket

Length 300 – 800 mm. For extending the telescope wall mounting bracket.

Only the extension piece is included in the delivery.

Ref. 505 308-2G

€ 16,49

Specifications on the viewing distance are approximate values.
