

## Universal / grit containers

Made of weatherproof, glass fibre reinforced plastic (GRP)

- Retains shape extremely well
- High pigment content, therefore colour will not flake or fade
- Stackable for space saving transport and storage

### 400 – 700 litre containers

With support straps. Removable lid.

### 1100 – 2200 litre containers

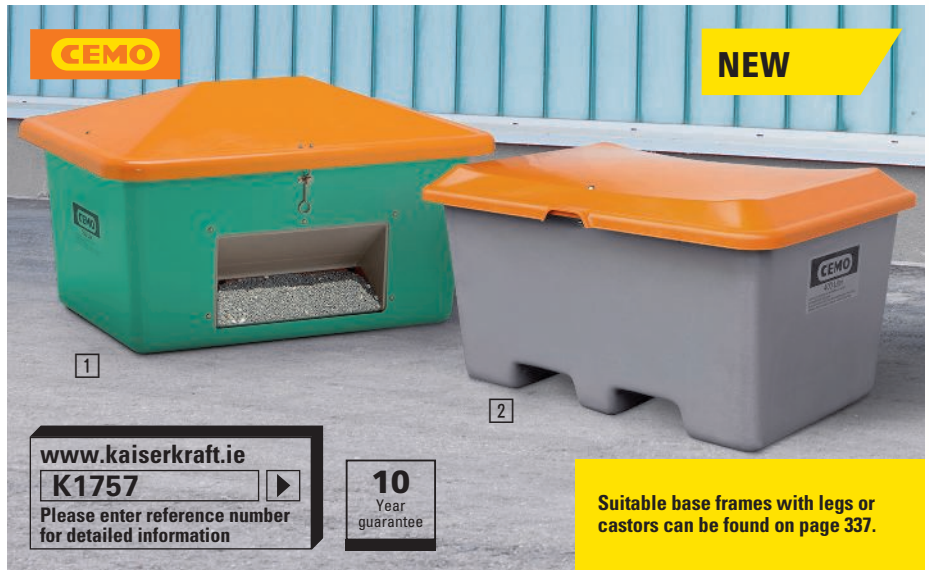

With standard stainless concertina lid supports.

Lid cannot be removed.

Self-closing spring lock made of stainless steel. Easy to open from outside or inside (child lock).

Can be locked with a padlock (not included).

☐ Includes integrated forklift pockets – can therefore be moved with pallet or forklift truck.

## Universal / grit containers

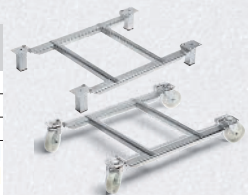

Made of impact resistant and weather resistant polyethylene (PE)

- Absolutely corrosion free, as there are no metal parts
- Stackable for space saving storage and transport (100 – 1000 litres)
- Lid can be easily removed without tools

Fitting for padlock. If a base frame with swivel castors or support feet is used (accessories), the containers can still be easily lifted and transported with a forklift even when full. Optionally with or without a dispenser opening with grit flow regulation.
