Colour: graphite black RAL 9011.

Finish: powder coated. Mesh

size: 30 x 50 mm. Thickness of wire: 3.0 /

2.5 mm. Material of mesh: steel wire. Frame

Important ordering information for add-on door kits

When ordering doors kits, the required X-GUARD CLASSIC door panels, uprights and the corresponding locking mechanism must be ordered at the same time.

X-Lock system incl. suitable safety switch is available on request.

With mechanical splint which holds the doors open.

The mechanism requires intentional activation from outside to open and close doors.

From inside, X-Lock can always be opened, but never closed.

In accordance with EN ISO 12100 section 5.5.3.
