## 1 – 7 | Guillotines

- Infinitely adjustable back stop for exact cutting
- Precise, safe and fast – and not only for paper
- Precisely adjustable stops

Material of blade: Solingen steel.

The specified number of sheets for cutting capacity/stacking height is based on A4, 70 g/m<sup>2</sup> paper.

Base frame for cutting length of 1050 mm on request.

## 8 – 10 | Precision lever guillotines

- Blade shafts with dual bearings, with high cutting capacity of up to 50 sheets
- Manual paper press with hand lever, with narrow cutting function and paper supports, front and back stop with measurements in mm/inches
- Automatic blade guard (for 710 mm cutting length: fixed blade guard)

Design of cutting machine: cutting machine without base. Pressing: manual.

Graduation: back and front stops in mm and inches. Colour: pearl grey / ruby red RAL 3003. Material of blade: Solingen steel.

Cutting length: 385 mm. Capacity (A4 paper 70 g/m<sup>2</sup>): 50. Worktop width: 356 mm. Worktop depth: 403 mm.

## 11 | Roll cutter

- Smooth running safety cutting head with dual bearings and self-sharpening round blade made of hardened steel, cutting rail made of rust-free cutlery steel
- Side parts open on both sides for sliding through and cutting large format items
- Automatic clamping of cutting material with transparent pressure rail

Cutting length: 1050 mm. Max. cutting height: 0.8 mm. Worktop width: 1050 mm. Worktop depth: 280 mm. Design of cutting machine: cutting machine without base. Pressing: automatic. Material of blade: Solingen steel.
