## DURAFRAME® WALLPAPER display frames

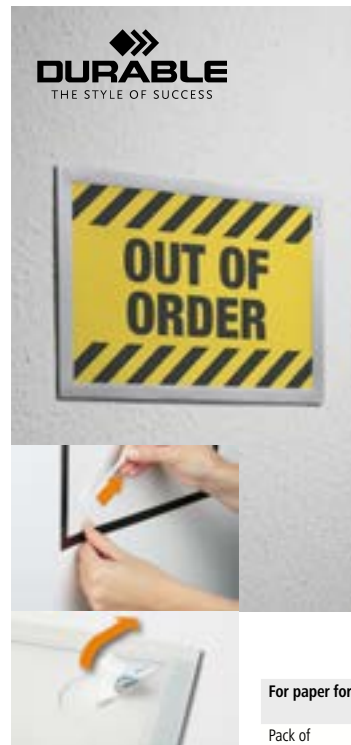

The detachable display frame for sensitive surfaces

- Ideal for notices on wallpaper, wood and plastic surfaces
- Present information in high quality and professionally, in portrait and landscape format
- Fast insertion and exchange of documents using the fold-out magnetic frame

The display frame is fixed to wallpaper, wood and most plastics using 4 detachable adhesive strips. They can be removed again without leaving residue or damaging the surface.

The surface it is fixed to must be sufficiently firm, level, clean, dry and completely free of grease.

Includes an additional replacement set with 4 adhesive strips.

Includes 4 adhesive strips

## DURAFRAME® display frames

### Magnetic frames

A flexible means of providing information about business hours, special offers, technical instructions, escape routes, safety instructions etc.

- Quick insertion and easy changing of documents
- Self adhesive on smooth surface such as glass
- Can be used horizontally or vertically

With folding, magnetic, transparent and glare-free front side for quick and convenient changing of its content.

The display frames can be attached to any smooth, supportive surface, easily removed from the glass and be repositioned.

Once attached to glass surfaces, the documents can be read from both sides. The appearance of the frame is identical on both sides.

Ideal for production and warehouses, for operational instructions or safety sheets.

### Examples

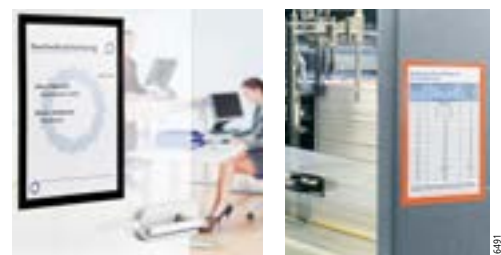

- Red for fire safety regulation
- Blue for machine operating instructions
- Orange for hazardous goods instructions
- Green for emergency exit routes

Supplied in cost-effective packaging units.
