Plate and panel trucks

Hold goods securely during transport

Sturdy tubular steel construction, powder coated as standard in light blue RAL 5012.

2 swivel castors and 2 fixed castors, roller bearings. Swivel castors with double stops.

1 + 2 Plate trucks

- Support surfaces made of solid wood to protect the goods to be transported

3 + 4 Panel trucks

- Support and contact surfaces with rubber profiles
- Plug-in support bars

Supplied flat pack – easy self-assembly.

3 Can be fitted out on one side. Inner inclination 10° towards support bar.

4 Can be fitted out on both sides. Inner inclination of both 7° towards support bar.

5 Low loading version

- Loading height just 125 mm

With two rubberised outer supports and one intermediate support, infinitely adjustable, mounted on bearings at three points. Ideal adaptation to plate and panel formats.

Accessories

Additional intermediate supports

Ref. **114 458-2G** € 179,-

5 With intermediate support (accessory)
