Enamelled model for intensive use can be found online!

## Whiteboards

- For very intensive use, durable, e3 certified and 99% recyclable
- Magnetic work surface that can be written on and dry wiped
- Can also be used as a projection surface with an ultra-short throw projector

With a sturdy, all-round aluminium frame and rounded plastic corners.

Absolutely smooth white surface made of enamelled steel. Can be written on with dry wipe felt tip pens.

Documents and notes are easily fixed in place with magnets.

Removable aluminium tray along entire width.

If mounted in portrait format, the tray has to be shortened.

Easy to install using the supplied wall mounting kit.

Other enamelled surfaces (semi-matt/matt) for use with other types of projectors available on request.

Very durable due to the stoving of the enamel layer at approx. 800 °C.

Matching accessories, such as round magnets, felt pens, dry wipers, magnetic rectangles and magnetic strips can be found on pages 982, 985, 987.

### Starter set

Suitable for all enamelled boards which can be written on
